## "The Woman in the Case"

Your sympathy turns to the unfortunate Cinderella who drudges in a stifling kitchen with its old fashioned coal range.

The heroine, cool and unruined, is telling her the advantages of the New Perfection Oil Cook Stove—how it keeps the kitchen clean and cool, how it eliminates the drudgery of fire tending and ashes, how it gives comfort equal to gas at kerosene cost.

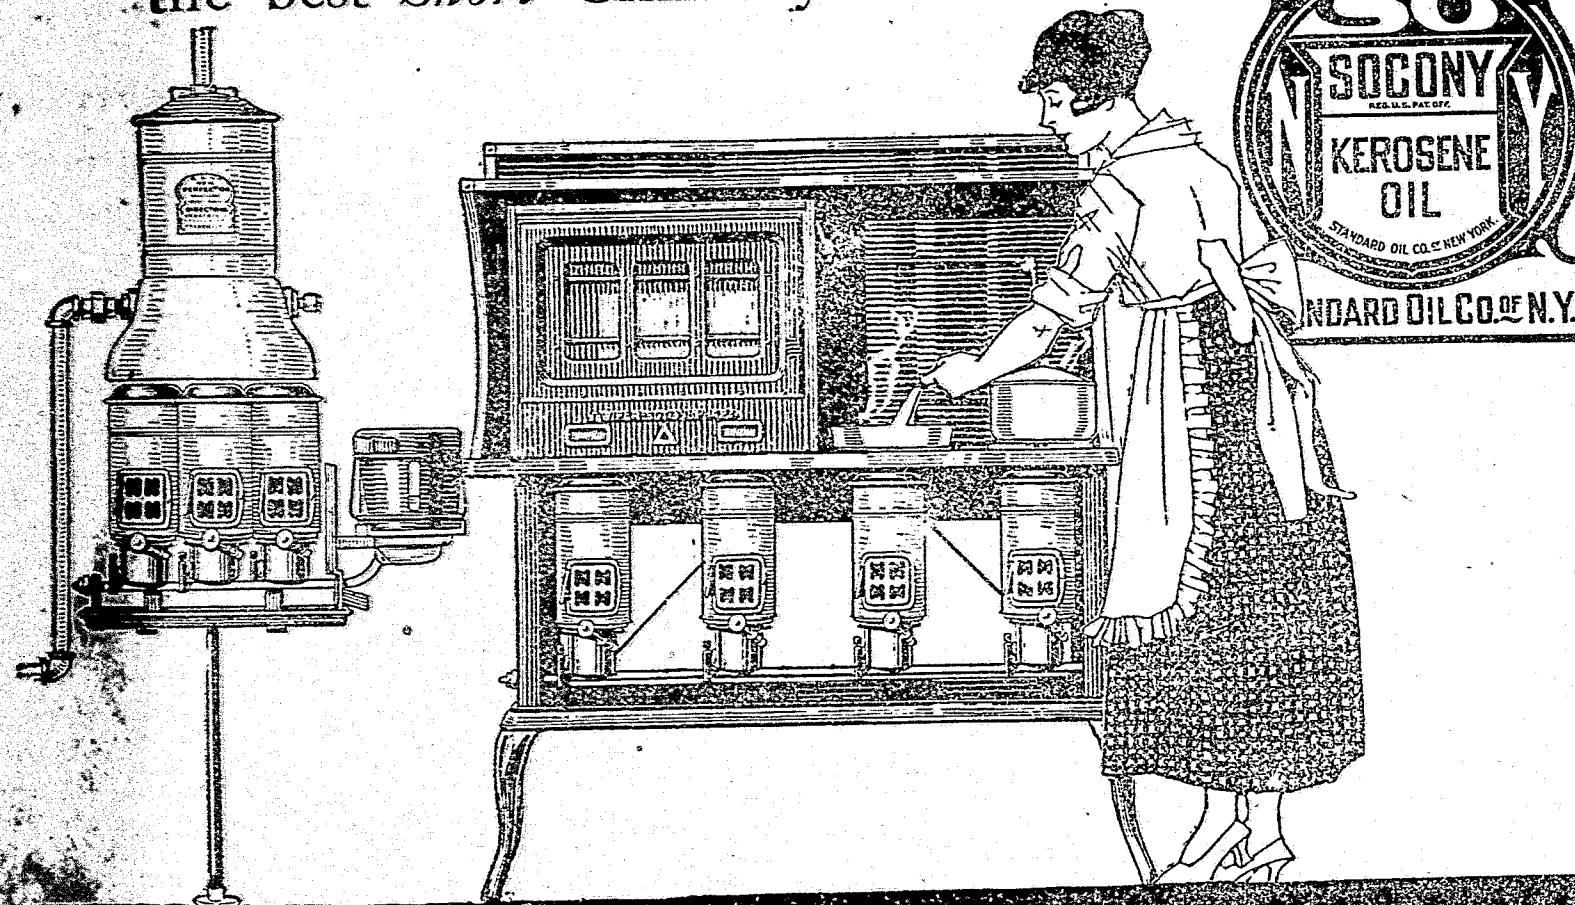

Its Long Blue Chimney turns all the oil into odorless, smokeless heat instantly. The flame is regulated like gas—on or off, high or low. And it cooks perfectly.

You, too, should have a New Perfection stove. Also, a New Perfection Water Heater. It means steaming hot water without a hot range. At all dealers.

## BRYANT'S POND

"A Case of Suspension" was presented by the pupils of Woodstock High School in Dudley Opera House Friday evening before a large audience. All the parts were well taken. Raeburn Hathaway as Jones the Seminary "man" and Annie Cross as Miss Ophelia Jenkins the faculty, deserve special mention. Much credit is due Mrs. Lesmore Currier, Mrs. Ada B. Swan and Miss Mary Stearns for the success of the affair. During evening fancy articles and candy were on sale and a social followed the play. About forty-five dollars was realized for the senior class.

The cast follows:  
Dorothy, young lady of the seminary... Gwendolyn Bartlett  
Alice, young lady of the seminary... Thelma Farnum, '19  
Mildred, young lady of the seminary... Mildred Swan, '19  
Harold, undergraduate of a college near by... Edwin Farnum, '19  
Tom, undergraduate of a college near by... Edwin Farnum, '19  
Jack, undergraduate of a college near by... Edwin Farnum, '19

## Music Will Help You

To Harmonize

Yourself with your condition

Your work with your pleasure

Your Family with your home.

MUSIC will help you to live your life so as to get the most out of it, to do your work so you can put the most into it, and it will help every member of your family as it helps you.

We have just passed through strenuous times. Music carried us over the rough places, kept our hearts up and our nerves steady. The whole nation worked with a will, worked together and accomplished its purpose to the rhythm of music. And the rhythm of music will never pass out of our lives. It will be waiting for us at the end of a hard day's task, it will bring us rest when rest is what we need. It will add to our gaiety when we want the brightness to sparkle. It will fill the empty chair when we are lonesome. It will bring us quiet contentment, rich enjoyment, solid comfort according to our desire and the need of the moment.

Yes, it will help every one of us over stony paths and along the broad highway. And it will help each member of our family, for it develops that community of interest, that bond of unity so valuable to a Family or to a Nation.

See that Music brings its blessings to You and Your Family.

## Johnnie's New Suit

Friday evening a fine entertainment  
was given at the Grange hall, consisting  
of vocal and instrumental music, readings  
and the laughable farce "Johnnie's New  
Suit." A supper was served in the din-  
ing hall, and candy and popcorn were on  
sale. The proceeds are to go toward de-  
fraying the expense of shingling the Bap-  
tist Church.

W. E. Bowker has been appointed mail  
carrier between the station and postoffice.  
Mr. Bowker surely deserves a government  
appointment, for his father and his first  
wife's father were in the Civil War, his  
present wife's great grandfather was one  
of George Washington's body guards and  
his son, Lionel, has just been discharged  
from the service, after spending many  
months in the 25th Division.

Miss Stone, a nurse in the C. M. G.  
Hospital, has been visiting Mrs. Philip  
Tucker; also Ada Knight of Turner, a  
sister of Mrs. Tucker.

Mr. and Mrs. Henry Sturtevant, who  
have been spending the winter in Lewiston,  
have returned and are stopping at W.  
E. Bowker's farm.

R. G. Stephens and son are selling Victory  
Bonds and if the town doesn't go  
over the top, it will not be their fault.  
Surely everyone who has money to invest  
should buy bonds and help finish the work  
that the boys have worked so hard to per-  
form.

Several of our young people are busy  
preparing to graduate from the Buckfield  
High School in June.

A party from here went to Buckfield  
Monday evening to see the train contain-  
ing war relics.

## FRYEBURG

Edward E. Hastings has been at South  
Paris and Norway this past week.

Mr. and Mrs. Zenas O. Wentworth,  
who have been spending several months  
with relatives in California, have re-  
turned to their home in Fryeburg.

visiting Fryeburg, where he is the guest  
of his mother, Mrs. H. Willis Jordan.

Word has been received by friends that  
Earle V. Shaw of the 56th Pioneer infan-  
try has been wounded in the leg by a  
gunshot. He is in the hospital at  
Columbus.

Frank C. Haley recently purchased a  
tractor for farm work. It is the first  
one to be purchased in Fryeburg.

Lillian Pike, who teaches at Merrimac,  
Mass., and a friend have been among the  
recent guests of her mother Mrs. C. W.  
Pike.

The funeral services of the late Lizzie  
Hutchins and Mrs. Ruth (Charles)  
New Jerusalem Sunday afternoon. They  
were conducted by Rev. Earle C. Ham-  
ilton, the pastor of the church. Miss  
Hutchins had been ill only a few days  
from bronchitis. She had been spending  
the winter in Portland and expected to  
spend the summer in Fryeburg. She  
was the daughter of the late Charles  
Hutchins and Mrs. Ruth (Charles)  
Hutchins, and formerly resided at East  
Fryeburg. She leaves a sister, Mrs.  
Grace Smith of Portland, and a brother,  
Charles Hutchins of Brockton, Mass.,  
and also a brother-in-law, Oliver C. Mc-  
Intire of Portland, with whom she made  
her home. The floral tributes were many  
and beautiful. The burial was in the  
family lot at Pine Grove Cemetery.

## Haley Neighborhood.

Mr. and Mrs. George Hutchins of  
Bridgton were the Sunday guests at  
L. S. Haley's.

that the boats of the Brown Co. were in  
order for the spring drive.

H. W. Fickett is putting the barn  
frame together for E. S. Bean and  
Clarence Bennett is helping in the farm  
work.

T. T. Fox, who has had employment at  
South Portland through the winter, came  
home Saturday. He is the fire warden on  
Azisecos mountain during the summer.

Azel Williams took some men to Berlin  
Saturday, and S. W. Bennett returned  
with him. He has been working in Low-  
ell through the winter.

Saturday evening was devoted to the  
installation of the officers of Azisecos  
Grange, after which a lunch was served  
of ice cream, cake and coffee.

of the James E. Everett farm which he  
recently purchased. The farm is located  
on Elm Hill and under a good state of  
cultivation.

Albert W. Walker, Eva Walker, and  
Mr. and Mrs. Percy Walker attended the  
funeral of Albert W. Walker's mother at  
East Brownfield, Sunday. Mrs. Mary  
C. Walker, who passed away at her home  
Friday, was the widow of Charles J.  
Walker, who died in the civil war. Her  
age was 86 years. Besides her son she  
leaves an adopted daughter, Estelle wife  
of George W. Frothingham of Haverhill,  
Mass. Two other sons, William, who  
lived on the home place and Charles J.  
of St. Louis, passed away several years  
ago.

ness, so that the property can be deeded  
in trust to the Maine Universalist-Con-  
vention. This will be known as the  
Universalist Mortgage and Note Fund  
with the Paris Trust Co. as a depository.  
It was voted to collect no money until the  
full amount has been subscribed.

## BRYANT'S POND

Those who attended the Sunday School  
Convention at Bethel last week were  
Mrs. R. F. Willard, Mrs. G. W. Stenning,  
Mrs. Fannie E. Howe and Mrs. Emily J.  
Felt. The Convention was both interest-  
ing and profitable and the entertainment  
was first class. The pastors from South  
Paris invited the convention to be at  
South Paris, in the Deering Memorial  
Church next year.

The Sunday evening meeting will be  
at seven o'clock sharp instead of 7.30,  
hoping to use daylight.

The public steamer is making two trips  
daily from Rumford to Bryant's Pond.  
Mrs. Ronelle C. Davis is sick.

The Woman's Basked Missionary meet-  
ing will be here May 15.  
Ansel Dudley is having his buildings  
newly painted.

## Millet-Billings

A very pretty wedding was solemnized  
in Rumford at the home of Walter S.  
Millet, May 1st, where his daughter,  
Winola Mae and Harry S. Billings of  
Milton were united in marriage.

The ceremony was performed by Linnie  
B. Treadwell, pastor of the Baptist  
church at Bryant Pond, and the double  
ring service was used.

The bride was gowning in white voile,  
with white satin trimmings and pearl  
ornaments. The room was tastefully de-  
corated in the colors. The arch under  
which the bridal pair stood being of bun-  
ting and flags. Only the bride's immedi-  
ate family were present, and they were  
the recipients of very fine presents.

After the ceremony and congratulations  
refreshments were served, as the bridal  
pair were about to leave in their auto for  
a few days of camp life. The sisters of  
the bride were alive to the spirit of the  
hour and they left in a perfect shower of  
confetti.

Mr. and Mrs. Billings have the hearty  
congratulations of a large circle of  
friends.

## KEZAR FALLS

State Superintendent of schools gave a  
very interesting address in Kezar Falls  
Pythian Hall on the evening of May 5th.  
The community singing in charge of Miss  
Cohen was also fine.

F. M. Edgecomb is recovering from an  
attack of bronchitis. Mrs. W. O. Merri-  
field is also convalescing from a severe  
cold.

## Welcomed Home

On Tuesday, April 29th, an impromptu  
reception was given "our boys." The  
band assembled in haste, and did "their  
bit" so well that the children rushed joy-  
ously out of school and everyone who was  
able came from far and near to welcome  
the dear ones home again. The flags  
fluttered overhead and the gold star on  
the service flag bore mute testimony to  
one, with them in spirit and fondly re-  
membered though resting in hallowed  
ground in a far country. A few stirring  
addresses were given short and from the  
heart; the children sang and spoke pieces  
and everyone shook hands with the boys  
and tried to believe there would never be  
another war.

## WEBB'S MILLS

Geo. Burgess and daughter Nina were

# WHAT HAPPENS I HAVE A FARM TO SELL

Story of My Experiences in Agriculture

Pattern of Skowhegan, Editor of the Independent-Reporter.)

has been in use in New England for over a hundred years could not be bettered. The plans of this barn, which I will call the New England type, are as follows:

Its longest dimension should be on an East and West line, the tie-up, should be of course, be along the South side of the barn, and the North side should be for hay storage, with hay running down below the floor level. Everybody knows this kind of a barn, and all the carpenters know how to build one. Usually this type disposes of the manure by poking it through scuttles in the floor.

I varied from this a little by building the tie-up in part of concrete, and putting the manure pit at the Western end. I consider this decision to build a New England type barn a most fortunate thing. Other styles may be good for warmer climates but I have seen nothing that would make me believe that any other barn could equal the New England type for Somerset County.

Much of the winter was spent in selecting nursery stock for a one thousand tree orchard. I had some submitted from five or ten different nurseries men. When they were ready I invited Sheldon H. Best, Maurice W. Cayford, and other local orchardists to a supper and to pass the evening at my home; at the same time I also had two experts, instructors from the Agricultural College at Orono, as guests. My idea was to combine practical and theoretical as a physician, which was a knowledge in picking out my trees.

The Federal Department also sent a man who started a system of books for me. I did not consider his services productive of good as the surveyor. He did, however, make a complete inventory of my farm, land, buildings, live stock, farming tools, household effects and everything else placing his estimate of the valuation on each. This was very interesting and useful, and it is worthy of note that his footing of total valuation was over \$28,000. I kept my accounts according to his system for a year or two, but finally abandoned part of the detail which seemed somewhat unnecessary.

During those years of 1910-11-12 I had the time of my life. I used to go out to the farm Monday morning and stay there until Friday night, all through the summer. In the winter, I would usually go to my village home Thursday nights for the week end. I enjoyed working with the live stock, with the farm crops, and especially with the apple trees. My original plan was to give up our village home and move to the farm, but when it came time to make the change, it did not really seem advisable. I had three children in the Skowhegan schools, and we did not like to face the problem of getting them out of the morning and out at night during the years of their school course. At the beginning of 1913, there came an opportunity for me to get back into the newspaper business, under what then seemed and has since proved to be a very advantageous condition. I was concocting enough to think that I could manage a newspaper enterprise and carry on a farm at the same time, and this I tried to do during 1913-14. There are many people who are able to thus manage business projects at somewhat widely separate points, but I am not one of them. My mind was not just about grass what I could bring within my grasp of vision or within a minute's walk of my business desk. My crops and live stock five miles away were too remote for my limited capacity to "keep an eye on" and I had to give it up.

Since they were planted my apple trees have had splendid care. There is nothing very difficult about that, but as a side issue to the newspaper business, but I do not want 10 acres of corn, 20 acres of potatoes and a tie-up full of cattle to look out for, unless I am going to where I can see them when I get up every morning.

And this is the reason why Eaton Mountain Farm is for sale. Having recovered my health and become convinced that I am better adapted to newspaper work than to farming, and having abandoned the hope that my family would consent to give up their village home, I am forced to relinquish my dream I may have had of passing the rest of my life on Eaton Ridge. So somebody will get a mighty good trade in this farm. One building alone, that one hundred foot New England type dairy barn, would cost \$10,000 to build at the present time, and 000 to build at the present time, and I will sell the entire two hundred acres and from ten to a dozen other buildings that would also cost \$10,000 to build. Some statistics of this farm follow:

The columns in order above, refer to Rebuilt, Length, Width, Posted and Height.

The location is one of unusual scenic beauty. The farm buildings are on a plateau about 400 feet above the sea level and 200 feet above the Ken-

nebec river, which is less than a mile away. An elevation in the pasture rises to 725 feet above sea level. From this one can see the mountains on the boundary line, 100 miles to the north toward Canada, a magnificent panorama in all directions.

Farm is located four and one half miles from Skowhegan village, practically all the distance on improved State Aid Highway. The freight rate from Skowhegan and other Kennebec points, to Boston is just about half what it is from most Aroostook shipping stations.

The farm consists of about 200 acres, divided somewhat as follows: 60 acres of mowing, 80 acres pasture, 35 acres orchard, 25 acres wood land. To the 80 acres of mowing should be added 25 acres out of the orchard, as above given, as there is at present a splendid yield of hay in the young orchard of 1,000 trees. This gives at present 85 acres of tillable land.

Water supply is from well, pumped from gasoline engine into 1500 gallon pressure tank.

Note:—The above is an advertisement and is paid for by Mr. R. P. Patten, who is the business manager and editor of the Independent-Reporter, of Skowhegan, Me. If any of our readers want a good farm, they will do well to investigate.—Editor.

SOUTH ALBANY

Herman Hobbs and Merritt Sawin turned their young cattle out to pasture in Mr. Hobbs' pastures on Sunday.

Smells are gone, suckers are running, swallows are here, dandelions on the bill of fare and who shall dare to say that summer is coming or who knows how many more mornings we'll wake up to hear the wind howl and see the ground frozen and white with snow?

The first thunder shower of the season went east of us Friday night.

Thomas Jones of North Waterford walked across from his home to Will McAllister's Saturday. He took dinner with them and then went as far as Ernest Brown's in search of a calf to mate one of his.

As he is an elderly man and not very well, it was quite an undertaking.

## THE FRIENDLY TOBACCO

THERE may be some things that can be done well in a hurry, but pickin' a wife an' agein' a tobacco ain't amongst 'em.

Velvet Joe

We put away millions of pounds of fine Kentucky Burley tobacco every year, stored in wooden hogheads. It ripens two years. When we take it out it's different—Nature has improved it, good as it was—made it friendlier, more fragrant, cool-smoking, long-burning.

Nature has given it a delicious quality of mildness and fragrance that no artificial means can ever equal.

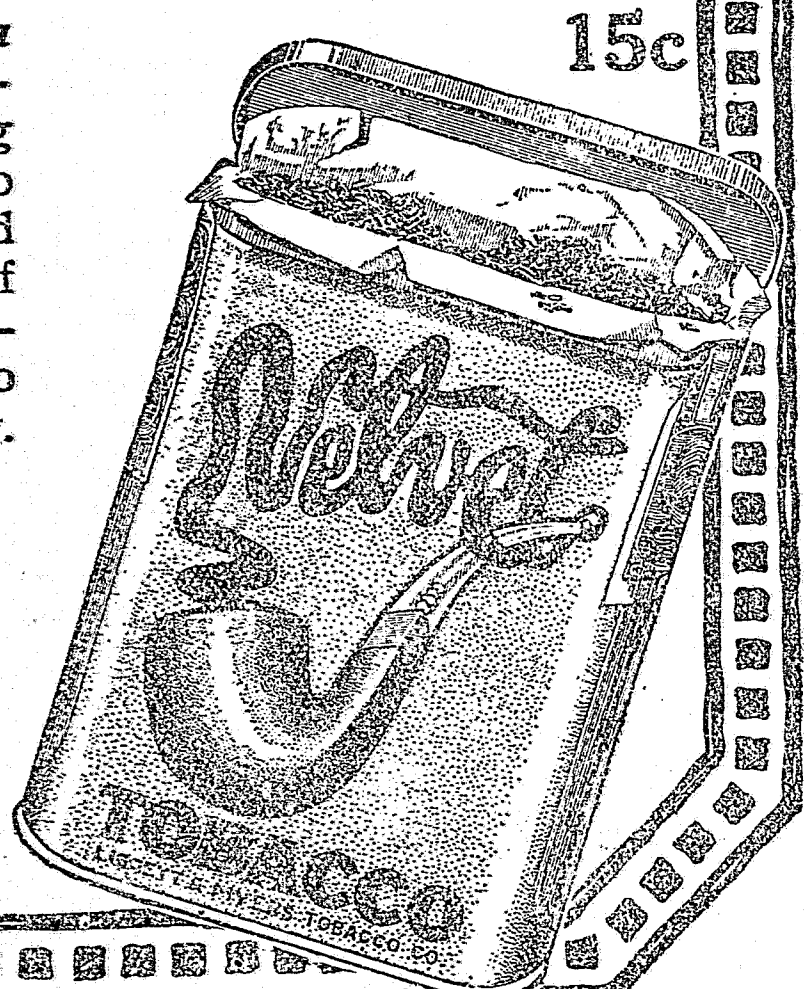

It's just that extra touch of friendly goodness that is building up VELVET Tobacco into the favor and good will of thousands of pipe smokers who prefer to smoke tobacco cured in Nature's way.

You would notice the difference.

Past Masters' Day was observed by Paris Grange, May 3. J. S. Brown acted as Master, R. H. Gates as Overseer, L. A. Brooks as Lecturer, George S. Boutelle as Steward, A. W. Casner as A. Steward, W. S. Starbird as Chaplain, Charles Edwards as Secretary. Committee applications made a favorable report and nine were elected to membership; two applications were received.

The Thorne's Corner Grange degree team is expected to come and work the third and fourth degrees, May 17th. Bro. A. B. Talbot gave an invitation to a reception to be given his son, Ernest and wife, next Monday night, and the Grange accepted it.

The Lecturer of the State Grange was present and gave a very interesting address. There will be a special meeting next Saturday at 2 p. m. to work the first and second degrees.

**BETHEL.**

All Bethel stores and other places of business will be closed each Wednesday afternoon until further notice.

Mary B. Merrill, who died suddenly in Portland, April 23, was well known in Bethel where she spent several years in the home of the late Annie M. Frye. She was a member of one of the old families of Portland. Her age was 82 years.

Mrs. B. F. Fickett has sold her house and lot at the head of Chaplain street to Frank Williamson.

A memorial service for George Mudgett, who was slain in France will be held at the Congregational Church Sunday morning, May 4th. There will be a sermon by the pastor and an address by Prof. F. E. Hanson, with appropriate music. The Academy students will attend in a body.

The auction at the home of the late Annie Frye was largely attended and a great amount of household furnishings changed hands. The property was sold to the Gen'l Convention of the Universalist church.

Brown Post, W. R. C., added a number of dollars to their fund from sales from their doughnut team on its recent drive through the village.

Mrs. Harry Hutchinson went to the hospital at Lewiston last week for an operation for appendicitis. Favorable reports are received from Mrs. Sylvanus Brown at Portland hospital.

Dr. E. L. Brown was the purchaser of the Richard Frye stand on Broad street. His family will occupy it soon. Thiel Knudsen has bought the Dana Philbrook place on the Locke's Mills road.

Mrs. Harry Hastings is visiting her father, Millin Bolster at Portland.

A wreck occurred at Bethel station early Saturday morning. A broken wheel is thought to have been the cause. The newlybuilt platform at the station was smashed and piled up while one below the station, loaded with wheat is on end. Herman Skillings, who is moving his cars just left on the siding one containing his household goods and the other his horses when the broken-wheeled car struck and demolished the end of the car.

**GOVER HILL**

Mrs. Ella H. Lyon has returned from a few weeks' visit with relatives in Lincoln, Mass.

Mr. and Mrs. Roy A. Grover and daughter Ethel from Gorham are visiting relatives and friends in town. They came to attend the memorial exercises in the Congregational Church Sunday for Pvt. George A. Mudgett, who was killed in action overseas the 19th of July, 1918.

Mr. and Mrs. E. B. Whitman and baby Robert from Bethel were week end guests of his parents at the farm.

Mr. and Mrs. Roy Andrews from Bethel motored to this place, where they were Sunday guests of relatives.

Raymond Tyler, who stayed at W. H. Hutchinson's last week, is now with his grandparents, Mr. and Mrs. Fred Shaw, on Robinson Hill.

Walter and Vernon Browne from Bethel were at the farm Saturday and Sunday.

E. P. Lyon was at his brother's, H. A. Lyon's, Sunday morning.

Dr. W. B. Twaddle has turned his herd of cattle out to pasture.

Virginia, little daughter of Mr. and Mrs. Frank Foster, has been ill with measles.

**SWEDEN**

H. W. Emerson has started repairing the roads in town. Some places are pretty bad. Mr. Emerson is boarding at H. A. LeBaron's. Wendell Plummer is working with him.

N. H. Holden and wife spent the day, Sunday with E. S. Plummer and family. Also Geo. Davis and his sister Lizzie Merrill of Ingalls Hill. Other callers at Plummer's that day were Will Buswell and family, Willard Graffam and wife and son, Rupert Richardson lately returned from overseas, and Nettie Dign.

Mrs. C. A. Saunders is improving a little in health now.

Mrs. E. H. Woodbury is visiting in Hartford, Conn.

HUDSON  
SUPER  
SIX

# Wait for the New Hudson Super-Six Here Soon—Price \$1975

*Prompt Deliveries Assured Early Buyers—It is a  
Perfected Development of the Car You Know So Well*

A new Hudson Super-Six is coming. It reveals how four years' experience with 60,000 cars has enabled Hudson engineers to free it from many of the annoyances regarded as inevitable to all cars. It embodies the qualities which men said would make it the greatest car known.

## It Is Worth Waiting For

Production on large scale is now under way.

Dealers will have their demonstrating cars within a few days.

You must not fail to see the new Hudson Super-Six.

Think of the history of earlier models. They have made a place in every branch of motor car use that has not been matched.

The first Hudson Super-Six, four years ago, increased motor power by 72% without added weight. It retained all the simplicity of the six. It minimized vibration.

## Proved In A Thousand Ways

You remember how endurance was proved. Nothing to equal Hudson Super-Six records of performance had ever been known. Most of those stand today as achievements that no other car has been able to match.

But one thing those feats did, you perhaps do not know. They showed ways for development of subsequent models that find their expression in the new car soon to be offered.

Such a car could not possibly have come from any other organization. It takes years of experience to learn and develop the qualities we now offer.

The same engineers responsible for the first Super-Six have watched it in its service for 60,000 users and now offer the new Super-Six as the expression of their greater knowledge.

Isn't such a car worth waiting for?

Watch the papers for the arrival of the new Super-Six, then go see it.

## The New Price Is \$1975

Hudson production will be twice as large this year as last. Because of that the new price for the 7-passenger phaeton will be \$1975.

Without the experience we now have such a car would have been impossible at an earlier time, regardless of the price at which it sold.

Still, as you know, the Super-Six has always been one of the world's finest cars. You hear that on all sides. It has led all other fine cars in sales.

There have never been enough to equal the demand. A like condition must surely obtain this year.

But those who buy early will get early delivery. They have the records of every Hudson Super-Six as an assurance of its value.

If you are on the point of buying a new car, go or telephone to your Hudson dealer. Perhaps he can tell you when you may see the new Hudson Super-Six.

### REFERRED CASES HEARD

The suits of Wm. S. Fox of Lovell against the Diamond Match Co., and Jas. Thomas and Edward W. Penley, also the action Thomas and Penley against the Match Company were tried at the court house Friday last before Judge A. B. Herick, referee. Thomas and Penley had a pine timber lot in Lovell near Kezar Lake and D. D. Tripp for the Diamond Match Company made a verbal contract with Mr. Thomas in the fall of 1916 for some pine timber. Just what this contract was was in dispute. Mr. Thomas claimed that the logs were to be delivered in the lake, while Mr. Tripp declared the place of delivery was in the Saco river. Mr. Fox had been driving logs from the lake to the river for several seasons and it was taken for granted by both parties that he should drive the logs in question which he did in May 1917, though it appeared that no express contract was made with him to do this work. Fox allowed the time to run by when he could have maintained a lien suit and when he undertook to collect his pay, some \$130, each party denied liability and stated the other ought to pay him.

When Fox finally left his claim with an attorney to collect, the lawyer tried to have the matter referred, but not being able then to bring it about, suits were brought by Fox against both parties. Thomas and Penley also brought a suit against the Match Co. for logs lost or unaccounted for. All three suits were finally referred to Judge Herick.

The hearing took up nearly all of Friday and was sharply and ably contested by each lawyer making all that was possible out of his side of the cases. Fox of course could not in any event obtain a verdict in only one of his suits, but counsel for the Diamond Match Co. and Thomas and Penley generously agreed that no costs in any event should be awarded against Fox.

Judge Herick will file his awards at the May term of the Supreme Court. Edward E. Hastings was counsel for the Diamond Match Company, Walter L. Gray for Thomas and Penley, and C. F. Whitman for Fox.
